# Community Outreach Program

## “Slow Down Now 2012”

Island Palm Communities is working in partnership with the Directorate of Emergency Services (DES) in the North and South regions to bring residents together as one. The program is called “Slow Down Now 2012”.

The program’s focus is to bring awareness to drivers about the dangers of speeding and distractions while driving. Volunteers will hold up signs, wave and caution drivers to “slow down” during peak driving times and high traffic areas for the most impact. The campaign will run on six different days during June and July in six different areas; Aliamanu, Ft. Shafter, Tripler, Wheeler, Helemano, and Schofield.

The success of the program depends on the participation of volunteers. Whether you are an individual that would like to participate or an organized group, IPC wants you!
