

The background of the slide is a composite image. In the foreground, several soldiers in full combat gear are visible. One soldier on the left is standing and aiming a rifle. Another soldier is crouching in the lower center, also with a rifle. In the background, a large green Stryker armored vehicle is parked on a grassy field. The overall scene is set in a rural, open area with trees in the distance.

Stryker Brigade Combat Team (SBCT-3)

Staff Officer's Organizational and Operational (O&O) Information

Brigade Coordination Cell – Forward (Alaska)

15 April 2003

Stryker Brigade Combat Team (SBCT-3) Structure

- Responsive and deployable
- Combat capable – full spectrum
- Complements Major Theater War or Major Regional Conflict capability
- Creates new Small Scale Contingency or Stability and Support Operations capability

- Precision, internetted, combined arms fighting
- Enhanced situational understanding
- More access to combat multipliers
- More combat power at point of battle

BRIGADE HQ 121

3x682 INFANTRY BATTALIONS

RSTA 423 SQUADRON

ARTILLERY 290 BATTALION

BRIGADE 390 SUPPORT BATTALION

- Principle fighting force of the SBCTs
- Operate autonomously w/in an SBCT AO or as part of any Combat Brigade
- Operations executed by Infantry companies
- Can operate in close, complex, or urban terrain

- Provide all-weather, around the clock, accurate & timely reconnaissance & surveillance
- Recon up to 9 routes, conduct surveillance of up to 18 areas, or any combination

- Accurate, long-range, proactive counter-battery fire support
- Can reinforce Infantry Battalion mortars

- Replace forward, reach and anticipatory logistics
- Provide distributive and reach CSS logistics and combat health services

COMBAT 234 SERVICE SUPPORT COMPANY

ANTI-TANK 53 COMPANY

SIGNAL 74 COMPANY

ENGINEER 120 COMPANY

MIL INTEL 67 COMPANY

- Accurate, long-range anti-armor fire
- Can destroy all types of enemy armor and many field fortifications

- Establish SBCT C4ISR network
- Network management
- Range extension of voice/data communications
- Battlefield VTC services

- Provide maneuver support & force support
- Counter-mobility
- Engineer recon
- Topographical section

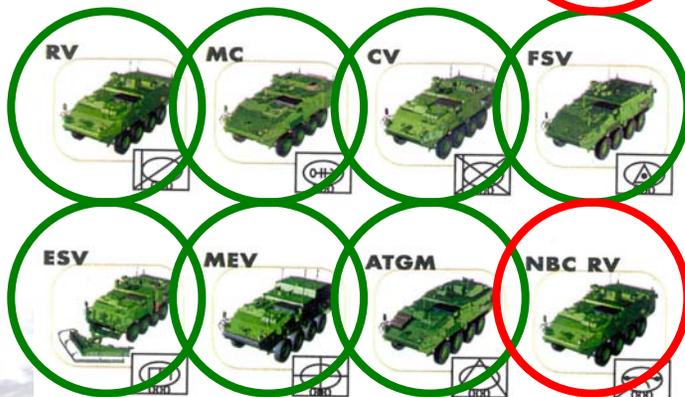

- Provide ISR analysis & integration support
- Maintains organic reach for linkage to ARFOR

- Augment DS & GS supply support
- Augment motor transport support
- Augment Org & DS field maintenance Spt
- Provide field feeding and augment combat health support

Stryker Brigade Combat Team (SBCT-3)

Brigade Combat Team

Stryker Brigade Combat Team (SBCT-3)

298/33/3487 // 3818

MISSION

The Stryker Brigade Combat Team (SBCT-3) prepares for a 96 hour deployment to any worldwide theater and commands and controls the brigade to fight and win small scale contingency operations in complex and urban terrain against a force that employs conventional and asymmetric capabilities.

CAPABILITIES

- Provides Combatant Commanders with a new option for decisive contingency response
- Early entry divisional force capable of deploying within 96 hours

Stryker Brigade Combat Team (SBCT-3)

Headquarters and Headquarters Company (41/9/71: 121)

MISSION

The Stryker Brigade Combat Team (SBCT-3)
Headquarters Sections.

The Headquarters Section provides personnel, equipment and staff expertise for command, control, communications, computers and information management capabilities to enable the Brigade Commander to plan and execute missions decisively.

Headquarters Company.

The Headquarters Company provides logistical and administrative support to each Headquarters Section.

ORGANIZATION

Command Group (S1/S2/S3/S4/S5/S6)

ADACC

Maneuver Support

FECC/NLEC/IO

TACP

LNO

Unit Ministry Team (UMT)

Surgeon

Brigade Operational Law Team (BOLT)

CAPABILITIES

- Enhanced planning and information sharing through Parallel & Collaborative MDMP
- Enhanced Situational Understanding (SU) and Information Superiority through the use of multi-dimensional reconnaissance assets
- Effects-based fires focused on a desired effect through the use of lethal and/or non-lethal effects. The multi-functional FECC structure enables it to perform all the tasks of a traditional Fire Support Element (FSE) plus the ability to integrate available non-lethal capabilities and to plan/monitor information operations in support of the operations plan.
- Reach capability through advanced C4ISR systems
- Enhanced maneuver support to the SBCT through synergistic planning of the Maneuver Support Cell

EQUIPMENT/ WEAPONS

Stryker Brigade Combat Team (SBCT-3)

The background of the slide is a detailed illustration of a Stryker Brigade Combat Team in a field. In the foreground, a soldier is kneeling and aiming a rifle. To his right, a Stryker armored vehicle is positioned. In the background, other soldiers and vehicles are visible, suggesting a combat or training environment.

Infantry Battalion

The background of the slide is a detailed illustration of an Infantry Battalion in a field. In the foreground, a soldier is kneeling and aiming a rifle. To his right, a Stryker armored vehicle is positioned. In the background, other soldiers and vehicles are visible, suggesting a combat or training environment.

Stryker Brigade Combat Team (SBCT-3)

Infantry Battalions (42/0/640: 682) x 3

MISSION

Be prepared to deploy worldwide and close with the enemy by means of fire and maneuver to destroy or capture him, or to repel his assault by fire, close combat, and counter-attack.

CAPABILITIES

- Principal fighting component of the SBCT- SBCT's predominant force for seizing, securing, retaining and controlling terrain
- Can operate autonomously within an SBCT AO or as part of any combat brigade
- Well suited for operations in close, complex, or urban terrain
- Capable of employment in SSC, SASO, and with augmentation, MTW
- Operations are controlled and synchronized at battalion level and executed by infantry companies

Stryker Brigade Combat Team (SBCT-3) Infantry Company (Rifle) (7/0/168: 175)

MISSION

To close with the enemy by means of fire and maneuver to destroy or capture him, or to repel his assault by fire, close combat, and counterattack.

CAPABILITIES

- Combined arms combat organization capable of executing all tactical missions on all terrain under any battlefield or weather condition
- Particularly effective when employed in the close or urban terrain situations of a SSC or MTW, and is ideally suited to perform the numerous unique and disparate SASO missions
- Core competence is its ability to achieve tactical decision through dismounted infantry assault

Stryker Brigade Combat Team (SBCT-3) RSTA Squadron

Armor (Reconnaissance, Surveillance and Target Acquisition) Squadron

Stryker Brigade Combat Team (SBCT-3)

RSTA Squadron (39/2/382: 423)

MISSION

Be prepared to deploy worldwide and develop situational awareness and knowledge in the area of operations, empowering the brigade to anticipate, forestall, and dominate threats, allowing for Stryker Brigade Combat Team (SBCT) freedom of movement.

CAPABILITIES

- Perform multi-dimensional reconnaissance, surveillance and target acquisition
- Provide all weather, around the clock, accurate and timely reconnaissance and surveillance
- Recon up to nine routes simultaneously, or conduct surveillance of up to eighteen designated areas simultaneously, or any combination thereof
- Gather information about multi-dimensional threats
- Develop a neighborhood level situational understanding of all aspects of the human environment within the Area of Operations

Stryker Brigade Combat Team (SBCT-3) RSTA Squadron

Stryker Brigade Combat Team (SBCT-3)

RSTA Squadron

Headquarters and Headquarters Troop (16/1/67: 84)

MISSION

Provide administrative and logistical support to the RSTA Squadron.

CAPABILITIES

- Provide combat health support to Squadron
- Enhance planning and information sharing through parallel and collaborative MDMP
- Provide reach capability through advanced C4ISR systems
- Highly deployable and mobile
- Act as an alternate brigade command post when necessary
- Conduct target acquisition for the brigade and the brigade effects coordination cell

- Javelin (12)
- 120mm Mortar (2)
- LRAS3 (13)
- CGS/CHATS (3)

Stryker Brigade Combat Team (SBCT-3) RSTA Squadron Surveillance Troop (5/1/60: 66)

MISSION

Conduct aerial, electronic, and NBC surveillance of the Stryker Brigade Combat Team (SBCT) area of operations.

CAPABILITIES

- Launches, controls, recovers, and repairs UAVs
- Distributes information across the battlefield
- Emplace and monitor remote sensors
- Detect and classify both personnel and vehicles
- Transmission signal intercept and direction finding
- Future EW capability
- Locates and identifies life threatening chemical and radiological contaminants and some forms of biological warfare

- HEMMT Wreckers (14)
- HMMWV Ambulances (14)
- IAV (RTF/ORF) (15)
- FARE (14)

CAPABILITIES

- Designed to provide sustainment support for initial 72 hours before resupply
- Provides unit distribution and operates supply points within the BSA to sustain the SBCT
- Conducts reach-back linkages with division and higher echelons to expand CSS capabilities
- Requires augmentation from Echelon Above Brigade (EAB) elements to provide field services
- Provides supply support for Class I, II, III & Bulk, IV, V, VI, VII, VIII, and IX
- Sub elements can be deployed to support a Battalion Task Force
- Limited capability for water purification, storage, and distribution

Stryker Brigade Combat Team (SBCT-3)

Brigade Support Battalion

Forward Maintenance Company (5/5/158: 168)

MISSION

Provide field level automotive, missile, armament, communications, and engineer / ground support equipment maintenance; maintenance management; and recovery for the SBCT.

ORGANIZATION

Headquarters Section

Maintenance Control

Recovery

Classification

Wheel Vehicle Repair Platoon

Maintenance Support Platoon

- Combat Repair Team (CRT) (5)

(1 per Battalion Size Unit)

CAPABILITIES

- Deploys Combat Repair Teams (CRT) to support 3 maneuver battalions, RSTA and Field Artillery battalions to perform diagnostic, prognostic, and maintenance management functions forward
- Company repair capability focuses primarily on replacement and controlled substitution
- Primary means of recovery is self/like vehicle recovery

EQUIPMENT/ WEAPONS

- Forward Repair System (FRS) (5)
- HEMMT Wreckers (14)
- IAV AMC RTF/ORF (15)

Stryker Brigade Combat Team (SBCT-3)

Brigade Support Battalion

Brigade Support Medical Company (12/0/55: 67)

MISSION

Provide level II Combat Health Services (CHS) to those SBCT elements with organic medical support; provides level I and level II CHS on area basis to those units operating in the Brigade Support Area (BSA) not having organic Combat Health Service assets.

ORGANIZATION

Company Headquarters

- Treatment Platoon
- Evacuation Platoon (10 Ambulances)

CAPABILITIES

- Treatment of wounds, injuries, illness and disease
- Dental care, X-ray, Limited pharmacy & lab
- Ground casualty evacuation
- Class VIII Resupply
- Blood management
- Patient holding for up to 20 PAX
- Combat Stress Control support
- Preventive medicine support (Epi/Ento)
- Reconstitution/regeneration of forward medical platoons
- Six of ten evacuation teams have the capability to forward deploy with medical platoons
- Augmented by Forward Surgical Team (FST) and Medical Detachment Telemedicine (MDT)

EQUIPMENT/ WEAPONS

- HMMWV Ambulances (14)

Stryker Brigade Combat Team (SBCT-3) Infantry Company (Anti-Tank)

Infantry Company (Anti-Tank)

Stryker Brigade Combat Team (SBCT-3) Infantry Company (Anti-Tank) (6/0/47: 53)

MISSION

Be prepared to deploy worldwide and provide accurate, long-range anti-armor fire support to enhance the lethality, survivability, and maneuver of the Stryker Brigade Combat Team (SBCT).

ORGANIZATION

Company Headquarters
Anti-Tank Platoon (3)

CAPABILITIES

- Accurate, long-range anti-armor fire support in any assigned battle space
- Able to execute missions in SSC, SASO or MTW, under all weather conditions
- Can destroy all types of enemy ground vehicles and many field fortifications
- Can be employed as a unified company or as separate platoons supporting the maneuver battalions
- Can be employed forward with RSTA in defense to conduct anti-armor ambushes
- In urban/complex terrain, best employed where it can influence movement along major thoroughfares where terrain offers long range fields of fire

EQUIPMENT/ WEAPONS

- FSV (1)
- ATGM (with TOW IIB Missile) (9)

Stryker Brigade Combat Team (SBCT-3) Signal Company

Signal Company

Stryker Brigade Combat Team (SBCT-3)

Signal Company (4/2/68: 74)

MISSION

Be prepared to deploy worldwide and Install, Operate, and Manage the Command, Control, Communications, Computers, Intelligence, Surveillance, Reconnaissance (C4ISR) Network supporting Stryker Brigade Combat Team (SBCT) operations as an integral part of the Division, Army Force (ARFOR), Joint Task Force (JTF), and Theater network.

CAPABILITIES

- Establishes the SBCT C4ISR network
- Provides range extension of SBCT voice/data communications
- Provides network management capabilities
- Provides telephone/data/collaborative planning and battlefield VTC services
- TACSAT assets to ARFOR/HICON
- Performs limited signal electronic maintenance

ORGANIZATION

Company Headquarters

- BSB Nodal Platoon
- TOC Nodal Platoon
- Signal Support Platoon

EQUIPMENT/ WEAPONS

- NCS-E (Net Control Station-EPLRS) (3)
- BSN (Brigade Subscriber Node) (2)
- SMART-T (Secure Mobile Anti-Jam Reliable Tactical Terminal) (3)
- EPLRS (Enhanced Position Location Reporting System) Gateway Vehicles (2)
- FM Retrans Vehicles (x 3)
- TROJAN LITE (Lightweight Integrated Telecommunications Equipment) (x 3)
- Network Operations Center-Vehicle

Stryker Brigade Combat Team (SBCT-3)

Signal Company CTTL

COMPANY

Conduct command and Control of Network Operations
Participate in Parallel and Collaborative MDMP
Install, Operate and Maintain Brigade C4ISR Network
Perform CSS Operations

BSB NODAL PLATOON

Conduct Tactical Operations
Perform CSS Operations
Install, Operate, and Maintain Network Backbone
Provide Trojan Spirit C2 support
Establish, Operate, and Maintain TACSAT

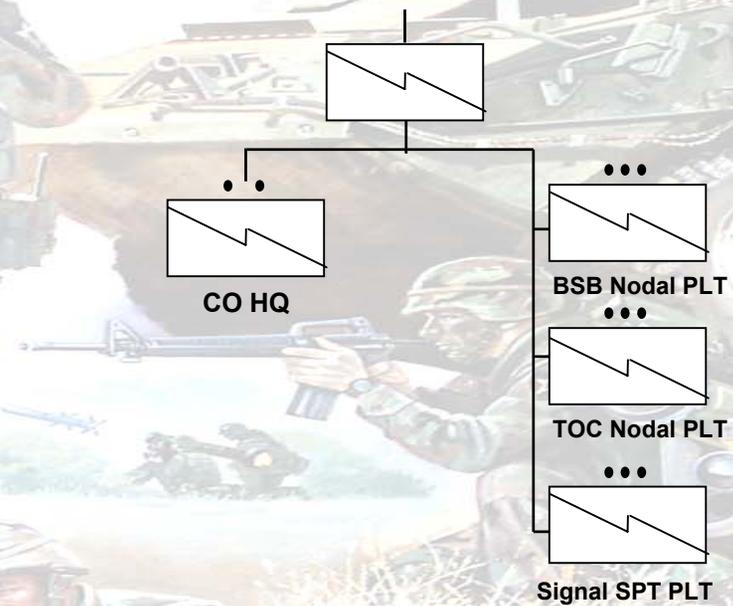

SIGNAL SUPPORT PLATOON

Conduct Tactical Operations
Perform CSS Operations
Install, Monitor, Control, and Configure the EPLRS Tactical Internet Backbone
Provide Range Extension
Provide Dedicated EPLRS Grid Reference Support
Establish, Operate, and Maintain a Single Channel Voice Radio Net and FM Radio Voice Retransmission with SINCGARS ASIP

TOC NODAL PLATOON

Conduct Tactical Operations
Perform CSS Operations
Install, Operate, and Maintain Transmission and Switching Systems to Provide BCT Voice, Data, and Network Services
Install, Operate, and Maintain Brigade C4I Network
Establish, Operate, and Maintain, TOC LAN, BVTC, NTRD, and Tactical Internet

Stryker Brigade Combat Team (SBCT-3) Signal Company

Stryker Brigade Combat Team (SBCT-3) Engineer Company

Engineer Company

Stryker Brigade Combat Team (SBCT-3) Engineer Company (6/0/114: 120)

MISSION

Be prepared to deploy worldwide and provide organic mobility, force protection, limited countermobility, survivability, and sustainment engineering to the Stryker Brigade Combat Team (SBCT).

CAPABILITIES

- Mobility platoons support SBCT maneuver by providing mobility support to mounted maneuver, dismounted assault, and urban operations
- Limited capability to construct protective obstacles and survivability positions
- Provides engineer reconnaissance with mobility platoons
- Significant survivability, counter mobility, or sustainment engineering requires engineer augmentation
- Terrain Visualization (topographic) section in SBCT HQ supports situational awareness

ORGANIZATION

Company Headquarters

- Combat Mobility Platoon (3)
- Mobility Support Platoon

EQUIPMENT/ WEAPONS

Stryker Brigade Combat Team (SBCT-3) Military Intelligence Company

Military Intelligence Company

Stryker Brigade Combat Team (SBCT-3)

Military Intelligence Company (5/4/58: 67)

MISSION

Be prepared to deploy worldwide to provide Intelligence Surveillance Reconnaissance (ISR) analysis and integration support to the Brigade Combat Team S2 section in support of the Stryker Brigade Combat Team (SBCT) Mission.

ORGANIZATION

Company Headquarters

ISR Analysis Platoon

ISR Integration Platoon

- Intel Processing Team
- ISR Requirements Team

Tactical HUMINT Platoon

- Tactical HUMINT Team (4)
- Operations Management Team (OMT) (2)

U.S. Air Force Weather Platoon

CAPABILITIES

- Maintains organic reach for linkage to ARFOR (theater, joint and national analysis, products and databases)
- Conducts dynamic re-tasking of assets to support battle visualization and targeting
- Maintains organic ability to store and exploit preprocessed SIGINT and IMINT products
- Conducts single, all source and cross-BOS analysis - provides relevant and timely threat situation awareness
- Fuses distributed analytic products to provide input into overall Common Relevant Operating Picture
- Provides planning and execution of ISR activities to support commander's intent

EQUIPMENT/ WEAPONS

- ASAS RWS (8)
- CGS/CHATS (7)
- IMETS-Light (1)
- CI & OPS WS (1)

BCC-M Organizational and Operational Cliff Notes

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

BCC-M Organizational and Operational Organizational Cliff Notes

This changes:

- New title developed.
- All references of IBCT changed to SBCT.
- CTTL added for each unit.
- Added organizational mission graphics and symbols for each unit.
- **SBCT-3 Organizational Concept Chart** (added the following):
 - HHC (BN) Medical PLT (1)
 - RSTA HHT (1); Medical PLT (1); UAV PLT (1); GND Sensor PLT (1); and NBC PLT (1).
 - FA HSB (1); Target Acquisition PLT (1); and ARTY BTRY (3).
 - BSB FWD Maint CO (1); Wheel Vehicle REP PLT (1); Maint SPT PLT (1);
HQTRS & Dist CO (1); Fuel & Water SPT PLT (1); Supply SPT PLT (1); Trans PLT (1);
BDE SPT MED CO (1); Treatment PLT (1); Evac PLT (1).
 - AT CO HQTRS SEC (1).
 - ENG CO HQTRS SEC (1).

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

➤ **SBCT-3 Organizational Concept Chart (Cont)** (added the following):

- SIG CO HQTRS SEC (1); BSB NODAL PLT (1); TOC NODAL PLT (1); SIG SPT PLT (1).
- MI CO HQTRS SEC (1); ISR Analysis PLT (1); ISR Integration PLT (1); TAC HUMINT PLT (1).
- CSSC HQTRS PLT (1); Sup & Trans PLT (1); Maint PLT (1); Field Feeding SPT PLT (1).

➤ **SBCT-3 Brigade Combat Team Structure (added or changed the following):**

➤ Personnel Numbers (changed):

	<u>Was</u>	<u>To</u>
BDE HQ	116	121
INF BN 3x665		3x682
RSTA	408	423
ART BN	285	290
BSB	379	390
AT CO	51	53
MI CO	71	67
ENG CO	119	120
SIG CO	74	(no change) 74
(Added) CSSC	<u>n/a</u>	<u>234</u>
Total	3498	3818

SUMMARY of CHANGES

- **SBCT-3 Brigade Combat Team Structure (Cont)-- (added or changed the following):**
 - * BDE HQ (added): ADAM Cell (1).
 - * RSTA (added): CGS/CHATS (9); REMBASS (4).
 - * MI CO (added): ASAS RWS (8); IMETS Light (1); CGS/CHATS (7); CI & OPS (1).
 - * ENG CO (added): Javelin (4).
 - * BSB (added): Wrecker (14); FARE (14) (changed): IAV ORF (11 to 15);
HEMMT-LHS (22 to 36).
 - * SIG CO (added): (changed): Retrans (from 15 to 3).
 - * CSSC (added): HEMMT-LHS (20); Wrecker (3); Containerized Kitchens (5).

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

➤ **SBCT-3 Capabilities** (added the following):

➤ **CSSC** (added):

- * Augment supply support.
- * Augment motor transport support.
- * Augment field maintenance support.
- * Provide field feeding and augment combat health support.

➤ **The Stryker (IAV) Family** (added or changed the following):

- * CV (changed 39 to 38)
- * MEV (changed 17 to 16)
- * IAV (ORF) (added 15)

➤ **SBCT-3 Organizational Snapshot** (added or changed the following):

- * Personnel (changed) (SBCT) (287/27/3184 // 3498 to 298/33/3487 // 3818)
 - (3x INF BN) (41/0/624 // 665 to 42/0/640 // 682
 - (RSTA) 38/1/369 // 408 to 39/2/382 // 423
 - (FA BN) 28/2/255 // 285 to 29/2/259 // 290

SUMMARY of CHANGES

➤ SBCT-3 Organizational Snapshot (Cont)-- (added or changed the following):

* Personnel (changed) (BSB) 35/9/335 // 379 to 38/9/343 // 390

(ENG Co) 6/0/113 // 119 to 6/0/114 // 120

(MI CO) 6/6/59 // 71 to 5/4/58 // 67

(AT CO) 6/0/45 // 51 to 6/0/47 // 53

(SIG CO) 4/3/67 // 74 to 4/2/68 // 74

(CSSC) New to 4/5/225 // 234

* Equipment (changed) (3x INF BN) (CV 8 to 10).

(RSTA) (added) CGS/CHATS (9); REMBASS (4);

(BSB) (added) Wrecker (14); FARE (14); AMB (14);

(changed) HEMMT-LHS (22 to 36).

(ENG CO) (added) Javelin (4).

(MI CO) (added numbers) ASAS (8); CGS/CHATS (7);

IMETS-Light (1); CI & OPS WS (1).

(CSSC) (added) HEMMT-LHS (20); Wrecker (3); Cont. Kitchens (5).

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

➤ **SBCT-3--** (added or changed the following):

- * Personnel (changed) (SBCT) (287/27/3184 // 3498 to 298/33/3487 // 3818)
- * Mission (changed) to reflect the SBCT-3 mission.
- * Organization (added) CSSC (even though not yet organic to SBCT)
- * Equipment (added) Prophet; Trojan Lite; Deuce; Spitfire; and Fox.

➤ **SBCT-3 HHC--** (added or changed the following):

- * Personnel (changed) (41/6/69 // 116 to 41/9/71 // 121)
- * Mission (changed) to reflect the SBCT-3 mission.
- * Equipment (added) CV (2).

➤ **SBCT-3 INF BN (3)--** (added or changed the following):

- * Personnel (changed) (41/0/624 // 665 to 42/0/640 // 682)
- * Mission (changed) to reflect the SBCT-3 mission.
- * Equipment (changed) IAV (195 to 201).

SUMMARY of CHANGES

- **SBCT-3 INF BN HHC--** (added or changed the following):
 - * Personnel (new)
 - * Mission (new)
 - * Equipment (new)
 - * Capabilities (new)
 - * Organization (new)
- **SBCT-3 INF Rifle CO--** (added or changed the following):
 - * Personnel (changed) (7/0/164 // 171 to 7/0/168 // 175)
- **SBCT-3 Field Artillery BN (155T)--**(added or changed the following):
 - * Personnel (changed) (28/2/255 // 285 to 29/2/259 // 290)
 - * Mission (changed) to reflect the SBCT-3 mission.
- **SBCT-3 Field Artillery HHB (155T)--**(added or changed the following):
 - * Personnel (new)
 - * Mission (new)
 - * Equipment (new)
 - * Capabilities (new)
 - * Organization (new)

SUMMARY of CHANGES

➤ **SBCT-3 Field Artillery Battery (3)--** (added or changed the following):

- * Personnel (new)
- * Mission (new)
- * Equipment (new)
- * Capabilities (new)
- * Organization (new)

➤ **SBCT-3 RSTA Squadron--** (added or changed the following):

- * Personnel (changed) (38/1/369 // 408 to 39/2/382 // 423).
- * Mission (changed) to reflect the SBCT-3 mission.
- * Organization (added) Med PLT (1) to SQDN HHT; (changed) Recon PLT (1 to 3).
- * Equipment (changed) IAV (52 to 53); (added) CGS/CHATS (9); REMBASS (4);
PROPHET (3).

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

- **SBCT-3 RSTA HHT** (added or changed the following):
 - * Personnel (new)
 - * Mission (new)
 - * Equipment (new)
 - * Capabilities (new)
 - * Organization (new)
- **SBCT-3 RSTA RECCE TROOP** (added or changed the following):
 - * Personnel (new)
 - * Equipment (added) LRAS3 (13); and CGS/CHATS (3).
 - * Capabilities (added) immediate response indirect fires...
 - * Organization (changed) Mortar SEC (2 to 1)
- **SBCT-3 RSTA SURVEILLANCE TROOP** (added or changed the following):
 - * Personnel (changed) (6/0/56 // 62 to 5/1/60 // 66).
 - * Equipment (added) Sensor Monitoring Set (AN-GSQ-187) (4)

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

- **SBCT-3 RSTA UAV PLT** (added or changed the following):
 - * Personnel (new)
 - * Mission (new)
 - * Equipment (new)
 - * Capabilities (new)
 - * Organization (new)

- **SBCT-3 Brigade Support BN** (added or changed the following):
 - * Personnel (changed) (35/9/335 // 379 to 38/9/343 // 390).
 - * Mission (changed) to reflect the SBCT-3 mission.
 - * Capabilities (added) provides VIII supply support.
 - * Equipment (changed) HEMMT-LHS (22 to 36); HMMWV AMB (10-14);
(added) FARE (14); IAV RTF/ORF (15).

- **SBCT-3 HQ & Distribution CO** (added or changed the following):
 - * Personnel (changed) (8/0/136 // 144 to 21/4/130 // 155).
 - * Equipment (changed) HEMMT-LHS (22 to 36); added FARE (14)

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

- **SBCT-3 FWD Maintenance CO** (added or changed the following):
 - * Personnel (changed) (5/5/161 // 171 to 5/5/158 // 168).
 - * Equipment (added) IAV RTF/ORF (15)
- **SBCT-3 Brigade Support Medical CO** (added or changed the following):
 - * Personnel (changed) (10/0/57 // 65 to 12/0/55 // 67).
 - * Equipment (changed) HMMWV AMB (10-14)
- **SBCT-3 Anti-Tank CO** (added or changed the following):
 - * Personnel (changed) (6/0/45 // 51 to 6/0/47 // 53).
 - * Mission (changed) to reflect the SBCT-3 mission.
- **SBCT-3 Engineer CO** (added or changed the following):
 - * Personnel (changed) (6/0/113 // 119 to 6/0/114 // 120).
 - * Mission (changed) to reflect the SBCT-3 mission.
 - * Equipment (added) Javelin (4).

Brigade Coordination Cell – Forward (Alaska)

SUMMARY of CHANGES

➤ **SBCT-3 Signal CO** (added or changed the following):

- * Personnel (changed) (4/3/67 // 74 to 4/2/68 // 74).
- * Mission (changed) to reflect the SBCT-3 mission.

➤ **SBCT-3 Military Intelligence CO** (added or changed the following):

- * Personnel (changed) (6/6/59 // 71 to 5/4/58 // 67).
- * Mission (changed) to reflect the SBCT-3 mission.
- * Organization (deleted) Common Ground Station Team; and S2X Team;
(added) Intel Processing Team; OPNS Management Team (x2); TAC HUMINT Team (x4).
- * Equipment (added numbers) ASAS RWS (8); CGS/CHATS (7); IMETS-LIGHT (1);
CI&OPS WS (1).

➤ **SBCT-3 CSSC** (added or changed the following):

- * Personnel (new) * Capabilities (new) * Organization (new) * Mission (new)
- * Equipment (new)

Brigade Coordination Cell – Forward (Alaska)
