MEMORANDUM FOR all Leaders and Soldiers assigned to the 25th Infantry Division

SUBJECT: 25th Infantry Division Tropic Lightning Standards Blue Book

1. The 25th Infantry Division continues to support the American rebalance to the Indo-Asia-Pacific and the Chief of Staff of the Army’s “Prevent, Shape, and Win” mandate by being a reliable, credible, and disciplined expeditionary force that is trained and ready to conduct Decisive Action in support of Unified Land Operations. The Division is forged through focused leader development, hardened by challenging battle-focused training, and grounded in ready and resilient Soldiers and Families.

2. We succeed in these efforts by holding ourselves, our unit, and our community to the highest standards of conduct. Tropic Lightning Soldiers embody integrity and humility; we always do the right thing and expect the same of others.

3. This document clearly communicates our expectations for discipline and uniformity within the Tropic Lightning Division. It is intended to complement existing U.S. Army Regulations and Command Policies. If necessary, it will also serve as a basis for corrective action and performance counseling. All Soldiers will have this Bluebook on their persons when in duty uniform.

4. We are America’s Pacific Division—it is our obligation to uphold the traditions and legacy of this great unit. *We’re tough, we’re ready for whatever mission—we are the Twenty-Fifth!*

Tropic Lightning!

In accordance with the DOD Joint Ethics Regulation 5500.7-R, public service is public trust. Each Soldier has a responsibility to the United States Government and its citizens to place loyalty to the Constitution, laws, and ethical principles above private gain.

8. Soldier Appearance

The Army is a uniformed service where discipline is judged, in part, by the manner in which Soldiers wear their uniforms. Therefore, a neat, well-groomed, and professional appearance by Soldiers is imperative, as it contributes to building the pride and esprit de corps essential to an effective military force.

a. Hair and Grooming. 670-1 3-2

(1) Male Hair and Grooming.

Hair on top of the head will be kept neatly groomed. The length and/or bulk of the hair will not be excessive or present a ragged or extreme appearance. Hair will present a tapered appearance and, when combed, will not fall over the ears or eyebrows or touch the collar except for the closely cut hair at the back of the neck. The bulk or length of hair will not interfere with normal wear of headgear or Protective masks.

Extreme, eccentric, or trendy haircuts or hairstyles are not authorized. If Soldiers use dyes, tints, or bleaches, they must choose those that result in natural hair colors. Colors that detract from a professional military appearance are prohibited. Applied hair colors that are prohibited include, but are not limited to, purple, blue, pink, green, orange, bright (fire-engine) red, and fluorescent or neon colors. Wigs may be used to cover baldness or disfigurement as long as the hairpiece is of natural hair color and the style and length conform to appearance standards.

Sidебurns will be neatly trimmed. The base will not be flared and will present a clean-shaven, horizontal line. Sideburns will not extend below the lowest part of the exterior ear opening. **Sideburns will not present a faddish appearance and length must not exceed 1/8 inch when fully extended.**

Males will keep their face clean-shaven when in uniform or in civilian clothes on duty. Mustaches will be kept neatly trimmed, tapered, and tidy and will not present a chopped-off appearance. No portion of the mustache will cover the upper lip line or extend below or horizontally beyond the corners of the mouth. Handlebar mustaches, goatees, and beards are not authorized. If an appropriate medical authority prescribes beard growth, the length required for medical treatment will also be specified, i.e., a neatly trimmed beard is authorized. The length will not exceed ¼ inch. The Soldier will carry a copy of the beard profile at all times.

(2) Female Hair and Grooming.

Bangs, if worn, may not fall below the eyebrows, may not interfere with the wear of all headgear, must lie neatly against the head, and not be visible underneath the front of the headgear. The width of the bangs may extend to the hairline at the temple.
Medium length. Medium hair is defined as hair length that does not extend beyond the lower edge of the collar (in all uniforms), and extends more than 1 inch from the scalp. Medium hair may fall naturally in uniform, and is not required to be secured. When worn loose, graduated hair styles are acceptable, but the length, as measured from the end of the total hair length to the base of the collar, may not exceed 1 inch difference in length, from the front to the back. Layered hairstyles are also authorized, so long as each hair’s length, as measured from the scalp to the hair’s end, is generally the same length giving a tapered appearance. The regulations for the wear of bangs detailed in paragraph (a), above, apply. No portion of the bulk of the hair, as measured from the scalp, will exceed 2 inches.

Long length. Long hair is defined as hair length that extends beyond the lower edge of the collar. Long hair will be neatly and inconspicuously fastened or pinned, except that bangs may be worn. When worn loose, such hairstyles must be worn per medium hair length guidelines or secured to the head in the same manner as described for medium or long length hair styles. Ends must be secured inconspicuously. When multiple loose braids or twists are worn, they must encompass the whole head. When braids, twists, or cornrows are not worn loosely and instead worn close to the scalp, they may stop at one consistent location of the head and must follow the natural direction of the hair when worn back, which is either in general straight lines following the shape of the head or flowing with the natural direction of the hair when worn back with one primary part in the hair (see para 3–2a(1)(c)). Hairstyles may not be styled with designs, sharply curved lines, or zigzag lines. Only one distinctive style (braided, rolled, or twisted) may be worn at one time. Braids, cornrows, or twists that distinctly protrude (up or out) from the head are not authorized.

The hairstyle will not interfere with the proper wearing of military headgear or protective masks. A hairnet will not be worn unless required for health or safety reasons. Wigs of natural hair color may be worn as long as the style and length conform to appearance standards. 13. Conduct

You are sworn to uphold the Constitution, and you serve the American people. You are expected to carry out your duties and to conduct yourself properly on and off-duty by living the Army Values, the Soldiers’ Creed, and representing the 25th Infantry Division. There are civil laws, which pertain to all citizens, Soldiers included, and you must obey these laws. You will use professional language in public and common areas (i.e. PX, commissary, mall, Wal-Mart, Theater, etc). Profanity and inappropriate language is prohibited in the above mentioned locations. Soldiers will demonstrate appropriate respect for all civilian authorities on and off the installation. Every workday, leaders will conduct “morning parade” which may consist of D & C, police call, common area walk through, and or in ranks inspection for 15 minutes prior to work call to ensure that we are meeting the Army standards.

a. Disobedience of Lawful Orders. Soldiers must obey and execute the lawful orders of superiors. Most orders will come will from the NCO. Lawful orders given by an NCO require the same obedience as those given by an officer. Willfully disobeying an order from a NCO is an offense punishable under the UCMJ, Article 91. The maximum punishment for this offense is a bad conduct discharge, confinement for one year, and loss of all rank and pay.

b. Warrants. Civil laws pertain to all citizens, Soldiers included. Individuals who commit criminal offenses off the installation are subject to warrants issued for their arrest and may face disciplinary action under UCMJ. Criminal offenses include writing checks with insufficient finds and refusing to make restitution.

c. Personal Finances. Soldiers will have their pay sent directly to a financial institution for credit to an account in their name. Soldiers should organize their budget to live within their income and pay their bills on time.
(1) Soldiers will manage their personal affairs satisfactorily and pay just debts promptly. Failure to do so damages their credit reputation and affects the public image of the Army. Failure to pay debts could result in the denial of re-enlistment, administrative separation from the service, or punishment under the UCMJ. Indebtedness problems will be addressed IAW DoD 1344.09.

(2) Writing checks against an insufficiently funded account is a serious matter. All Soldiers will ensure that enough money is in their bank account to cover checks written. Written bad checks may result in disciplinary or administration actions.

(3) Financial Assistance. Soldiers who need financial planning assistance should first use the chain of command. Each battalion should be assigned a Financial NCO for aid to the Soldier. Additional assistance, such as budget counseling or debt liquidation, is offered through Army Community Service.

(4) Army Emergency Relief. Soldiers may apply for Army Emergency Relief (AER) assistance at their unit PAC. A completed DA Form 1103 (Application for Army Emergency Relief) signed by the commander, most recent Leave and Earnings Statements (LES), and supporting documents showing an emergency need, is required.

(5) Use of Government Travel Credit Cards. Every Soldier must know the GTCC is for official and routine (home station and return) TDY, nothing else. The CTCC is not for PCS expense, group travel, or personal reasons. The standard for all Soldiers is prompt payment of any outstanding bill.

(5) Off-Duty Employment. The commander can authorize off duty employment if it does not interfere with military duties. Unscheduled military after-duty requirements have priority over off-duty employment. Soldiers will submit a request to their commander the name and address of the prospective employer, a brief description of the work, and the hours of employment. Soldiers may not accept off-duty employment until they receive written approval from the commander.

(6) AR 608-99 requires Soldiers to manage their personal affairs satisfactorily, to include providing adequate support for their Family members.

d. Dependent/Guest Standards. Juveniles on Schofield/Wheeler will remain in their assigned dwelling from 2300-0500 unless accompanied by their sponsor. Children under the age of 14 will not be left unattended, though indirect supervision is permitted. Babysitters must be in ninth grade (generally 14 years of age) or older. Sponsors/parents/custodians are responsible for the conduct of their juvenile members. Personnel are responsible for the conduct of the guest they sponsor onto the installation. Nonmilitary visitors below the age of 18 must be accompanied by a parent/legal guardian at all times. Commander may restrict or deny access of persons to Schofield/Wheeler to include termination of government quarters.

e. Vehicles. Commander are responsible for ensuring that all privately owned vehicles are properly registered with a state, have the required safety sticker, and that vehicle owners have current valid auto insurance. Soldiers and DOD civilians will not display anywhere on their vehicle any stickers, decals, ornaments, etc. which are obscene, racist, extremist or any other offensive message that is prejudicial to good order and discipline. The privilege to operate a vehicle on the installation is reserved for persons of maturity, responsibility, sobriety, and to those who show good judgment.

f. Loud Noise. Soldiers will not operate vehicles (to include motorcycles) with radios or other such sound systems at a volume that impairs the driver’s ability to hear outside sounds or another vehicle’s horn. Playing a radio, CD player, stereo, or any sound system too loud, in a
vehicle, operating a motorcycle, walking on the street, in the barracks, or in housing is prohibited. No audio equipment may be played loudly enough to be heard more than 30 feet away. 25th ID quiet hours are between 2300-0630 work nights and 0100-0800 weekends/holidays, no loud noises during this time.

**g. Traffic Regulations.** You must have a valid driver’s license, registration, HI safety inspection and insurance to operate a motor vehicle.

1. **Speed Limits.** Vehicular traffic will slow to 10 MPH when passing any pedestrians on the roadway, regardless of what side of the road the pedestrians are on or how many lanes are on the road unless driving opposite of the road with a median.

2. **Restraint devices (lap belts and shoulder belts when so equipped),** when riding in any vehicle, on or off duty, on or off post, are mandatory. Children under the age of four must be secured in a Federally-approved child safety seat. All children between the ages of four and seven, must ride in either a booster seat or a car seat. Kids 4’9” or taller or those riding in vehicles with lap-only seat belts in rear seats are exempt. Troop Straps will be utilized while transporting Soldiers in tactical vehicles. All Soldiers driving or riding in a tactical vehicle will wear an ACH at all times. Passengers are not allowed to ride in the back of a privately owned truck or sport utility or non-tactical military vehicles unless they wear a manufacturer installed safety belt.

3. **All government personnel (military and civilian) desiring to operate a motorcycle or moped on 25th ID installations will adhere to the following guidelines:** All motorcycles must be properly registered and operators properly licensed IAW state and local law and policy in order to operate on USARHAW installations. IAW 385-10, all military riders, on or off post, will possess a Motorcycle Safety Foundation (MSF) or Motorcycle Defensive Driving Course (MDDC) certification card prior to operating a motorcycle.

   A. **Helmet(s):** For personnel riding motorcycles, mopeds and ATVs, helmets shall be certified to meet DOT Federal Motor Vehicle Safety Standard No. 218, United Nations Economic Commission for Europe Standard 22–05, British Standard 6658, or Snell Standard. All helmets will be properly fastened under the chin.

   B. **Gloves:** Full-fingered gloves or mittens made from leather or other abrasion-resistant material.

   C. **Footwear:** Leather/canvass boots or sturdy over the ankle shoes must be worn by riders at all times. High-top basketball shoes do not suffice to meet the latter requirement.

   D. **Clothing:** Protective clothing includes long-sleeved shirt or jacket, long trousers, and full-fingered gloves or mittens made from leather or other abrasion-resistant material. Motorcycle jackets and pants constructed of abrasion-resistant materials such as leather, Kevlar®, or Cordura® and containing impact-absorbing padding. No club affiliation patches (aka “patch”, aka “cut” aka “leathers”) are authorized and all manufacturing logos must be in good taste.

   E. **Eye Protection:** Eye protection designed to meet or exceed ANSI Z87.1, reference (z) for impact and shatter resistance includes goggles, wraparound glasses, or a full-face shield (properly attached to a helmet). A windshield or fairing does not constitute eye protection.

   F. **During daylight hours (0700-1900),** a fluorescent (brightly colored) and reflective vest, jacket, or upper outer garment OR a motorcycle specific jacket with padding/armor will be worn. During low-light hours (1900-0700), a fluorescent and reflective vest, jacket, or upper outer garment must be worn. Wearing a reflective PT belt alone does not suffice to meet the latter
requirement. Additionally, the reflective and fluorescent material must be present on both the front and back of the garment that is worn to meet this requirement.

(G) Modifications/Changes to Motorcycle: Soldiers who obtain a different motorcycle, other than the one they were initially certified on, or make any modification that substantially changes its dimensions, weight, performance or handling characteristics, will retake the BRC-II or MSRC (depending on type of motorcycle ridden) within one (1) month of the change or purchase before operating the motorcycle on post. All modifications should be reported to the Soldier’s Motorcycle Mentor for a decision on whether the modification falls into the above category.

(H) Mandatory Progressive Training: All military riders will complete the progressive training described in AR 385-10 (See “Annex A”). Per AR 385-10, prior to the operation of any motorcycle, on or off the installation, all Soldiers must successfully complete an appropriate MSF based Basic Rider’s Course (BRC) or state approved curriculum for rider’s safety training. The required course may be taken on or off post, however, all installation training courses are provided to active duty military at no cost to the rider.

1. Basic Rider Course (BRC): The BRC is the initial training course for all military motorcycle operators. The BRC provides basic knowledge and skills required to safely operate a motorcycle. The only time motorcycle operators can operate their motorcycles prior to the BRC is on their way to the actual course.

2. Basic Rider Course 2 (BRC-II) (aka Experienced Rider Course (ERC)): All military motorcycle operators (cruiser type) will complete the BRC-II/ERC within six (6) months of completing the BRC.

3. Military Sport-Bike Riders Course (MSRC): All military “Sport” and “Sport Touring” motorcycle operators will complete the MSRC within six (6) months of completing the BRC.

4. Motorcycle Refresher Training (MRT): Prior to operation, all redeployed (greater than 180 days) motorcycle operators will complete the MRT.

5. Sustainment Training: Every five (5) years following completion of the BRC-II/ERC or MSRC, Soldiers shall repeat the BRC-II/ERC or MSRC. It is strongly recommended that commanders reduce that sustainment interval to every two (2) years, but this recommendation should be balanced with the unit’s OPTEMPO.

6. Motorcycle Handlebars: (Hawaii State Motorcycle Laws) Handlebar (APE Hangers) will not exceed a height of 15” above the seat. The Army does not have any requirements on handlebar height by regulations; just requires mirrors on left and right sides of the handlebars.

(J) Motorcycle Mentorship Program: The purpose of the mentorship program is to establish voluntary unit level (Company or Higher) motorcycle clubs where seasoned (experienced) riders and inexperienced riders can create a supportive environment of responsible motorcycle riding and enjoyment.

h. Drugs.

1. Possession or use of any controlled substance without a valid prescription or use of prescription drugs intended for another person, is against the law. Other substances (including, but not limited to, “Spice”) deemed illegal by the federal Drug Enforcement Administration, State
of Hawaii, or Department of Defense are also prohibited. This includes the substances listed in AR 600-85 paragraph 4-2p, dated 28 December 2012. The division runs an active drug and alcohol program, and Soldiers will have random urinalysis testing conducted. Possession or use of drugs is a violation of the UCMJ and State and local laws.

2. The purchase, importation, manufacture, possession, storage, use, distribution, or transfer of drug paraphernalia and examples provided in HRS 329-1 and HRS 329-43.5 is prohibited.

i. Use of Tobacco. Smoking, dipping, and chewing are prohibited in the workplace (except in designated areas), military vehicles, aircraft, or during physical training. No smoking is authorized within 50 ft from any buildings.

Electronic cigarettes will not be used indoors, in the workplace or in any establishment on Schofield Barracks / Wheeler Airfield. The use of an Electronic Cigarette while walking in uniform is not authorized.

j. Alcohol Usage and Laws. Soldiers are required to comply and conduct themselves accordingly while drinking alcohol.

Except as authorized by the first General Officer. 25th Infantry Division Soldiers will not have a blood alcohol level of .05 percent (milliliters of alcohol per 100 milliliters of blood) or above while on duty. Nothing in this blue book should be interpreted to mean that impairment does not exist if the blood alcohol level is less than .05 percent. Soldiers may be punished under the UCMJ for being impaired while on duty.

(2) Do not operate motor vehicles or motorcycles while intoxicated. Hawaii State laws for Driving While Ability Impaired (DWAI) are .05 to .07 percent and Driving Under the Influence of Intoxicants is .08 percent or higher. Driving a vehicle after consuming any measurable amount of alcohol is illegal for persons under the age of 21. Offenders will receive a memorandum of reprimand from the Commanding General that may be filed in their Army Military Human Resource Record (AMHRR), and their installation driving privileges will be immediately suspended for 1 year.

(3) Age Requirements. In accordance with state laws alcoholic beverages will not be sold or served to persons who have not reached the age of 21 years.

This prohibition does not apply to the following persons:

14. Soldier Readiness Packet (SRP)

SRP will be scheduled prior to deployment. All Soldiers are expected to be ready to deploy with little advance notice. To meet this demand, all Soldiers must keep the following items current at all times:

a. ID Card. Must be carried, correct, and serviceable at all times. Report problems with ID cards (loss, damage) to your orderly room immediately. Alterations to your ID card are punishable under the UCMJ.

b. ID Tags. Two sets of ID Tags will be maintained at all times. 1st set on your person in accordance with AR670-1. The 2nd set will be maintained inside your SRP. This is to include any and or all red medical tags.

c. Service members’ Group Life Insurance (SGLI) and DD93. Correct emergency data records as soon as a change occurs or within 30 days of change. The most common causes of change are marriage, divorce, and birth of children, relocation of Family members, and changes in beneficiaries, or their addresses. Report all changes to your first line leader immediately in order to schedule and update with the appropriate agency.
d. **Will and Power of Attorney (POA).** Wills and powers of attorney must be kept current and correct. If you need or want to change a will or power of attorney, contact the Legal Assistance office on your installation.

e. **Family Readiness Groups (FRG).** AR 600–20, para 5-10, establishes the requirement for Family readiness groups. These groups provide vital support and services to Family members while Soldiers are deployed. Soldiers are responsible for ensuring the needs of their Family members are met in the event of a short or no notice deployment. For more information, contact your chain of command.

f. **Dental.** Soldiers are required to have annual dental checks to stay deployable. Any dental condition likely to cause a dental emergency (Category 3) must be treated to make the Soldier deployable.

g. **Medical.** Soldiers are required to maintain their medical readiness. Soldiers must ensure items such as eye exams, audiology, and periodic physicals are maintained. Leaders must ensure Soldiers maintain, (if required) at least two pair of eyeglasses and protective mask inserts at all times. These are required during the unit SRP process. Soldiers who possess permanent profiles (P3 or higher) are considered non-deployable therefore must appear before a MOS Medical Review Board (MMRB).

15. **Payday Activities.**

The uniform for Payday Activities is the tropic B uniform as described in

a. **Payday.** Activities is a good time for small unit leaders to observe and make corrections on their Soldiers. They may want to schedule counseling at this time. It is also a time for the chain of command to talk to Soldiers and for first line supervisors to do their monthly counseling with their junior enlisted.

b. **Commanders.** Commanders will conduct Pay Day Activities on the first Friday of the monthly pay period. Activities for that day will include unit awards, formations, uniform and room inspections, mandatory training and administrative actions.

16. **Leave**

a. **Leave.** Soldiers accrue 30 days of leave annually. It is accrued at the rate of 2 1/2 days each month. Your accrued leave is shown on your Leave and Earnings Statement (LES). Soldiers are encouraged by commanders to take periodic short leaves or leave during the unit’s scheduled block leave rather than save up a large number of days, which they may not be able to use all at one time. Leaves are requested in advance according to your unit SOP and are approved by commanders using DA Form 31. When you submit a request for leave, you are telling the commander that:

(1) You have sufficient days accrued or are asking for advanced leave.
(2) You have enough money to cover your cost of leave and travel.
(3) You will return on time.
(4) You know to ask for an extension of leave if necessary.
(5) You can be contacted at the leave address stated in the event of a recall at any time.
(6) You will carry your approved DA Form 31 and Military ID card with you at all times.
(7) You will uphold the expected standards of conduct and appearance. Failure to return by 2400 hours on the designated last day of leave could result in you being AWOL. The unit phone number(s) contained on the DA Form 31 will be used to contact your unit if you cannot return by the prescribed time.

(8) Leave (both ordinary and emergency) taken outside the continental US (OCONUS) must be approved in advance by the Soldier’s chain of command and G1/AG.

b. Block leave programs are treated as part of the commander’s annual leave program and are designed to provide maximum opportunity for all Soldiers to take leave at the same time. Block leaves are incorporated into the master training schedule as a normal part of the training year.

c. Passes. A pass is an authorized absence from your unit for a relatively short period of time. Passes are a privilege to be awarded to deserving Soldiers by commanders. They are not a right. Passes are granted only to deserving Soldiers and only when you are not required to perform essential duties.

17. Counseling. **FM 6-22.**

Counseling is one of the most important leadership development responsibilities for Army leaders. The Army’s future and the legacy of today’s Army leader’s rests on the shoulders of those they help prepare for greater responsibility. There are 3 basic types of counseling Event, Performance and Professional growth. Leaders should counsel subordinates for exceptional as well as substandard duty performance. Leaders will develop better Soldiers for the 25th and United States Army. Forms to assist in counseling 25thIDTLC, 25th ISR, FM 6-22 Appendix B.

18. Military Courtesy **600-25**

Various forms of courtesy have become military customs and traditions. It is important to render a proper hand salute and greeting of the day.

**a. Saluting.** The exchange of a salute is one of the oldest traditions in the military and a visible sign of good discipline and mutual respect.

(1) Saluting Senior Officers. Salutes and salutations (greetings) are rendered by enlisted personnel to officers and by junior officers to seniors. All Soldiers render the salute unless it would be impractical (e.g., arms full of packages) and exchange verbal greetings, such as the unit motto or “Tropic Lightning” followed by “Sir” or “Ma’am” as appropriate. The return greeting is the unit motto or “Strike Hard” Hand salute should be rendered when you recognize the officer in uniform.

(2) In the Field. Saluting is mandatory during training exercises following the same rules as in garrison.

(3) Senior Officer Staff Cars. Be alert for Generals and other senior officers’ vehicles identified by a red plate depicting their rank and headlights on. You must render a salute to these officers as they pass.

(4) Greetings are rendered by enlisted personnel to Non-Commissioned Officers. All Soldiers exchange verbal greetings, the unit motto or “Tropic Lightning” followed by rank (“Sergeant Major, Sergeant” as appropriate). The return greeting is the unit motto or “Strike Hard.” Greetings should be rendered when you recognize the NCO in uniform.
NOTE: When any of the ceremonial songs below are played/heard, ALL VEHICLES in the area will stop, dismount the vehicle, and render the proper courtesy. Civilians are expected to place their right hand over their hearts.

(5) Reveille. Played at 0630 daily. When outside, in IPFU or duty uniform and not in formation, face the flag or music and render a salute on the first note. Remain at “present arms” until the last note has been played. In civilian clothes, stand at “Attention” and place the right hand over the heart (or headgear over the left shoulder if worn) until the last note is played.

(6) Retreat/To the Colors. Played at 1700 daily and 1500 on Wednesdays. This tradition is celebrated in two distinct parts; the bugle call of “Retreat” followed by “To the Colors.” When outside, in IPFU or duty uniform, face toward the Colors or music and assume the position of “Attention” on the first note of Retreat. Remain at this position and render the hand salute on the first note of “To the Colors.” When in formation and or group in uniform senior ranking Soldier will order formation to position of “Parade Rest.” On the first note of “To the Colors” the senior ranking Soldier will order formation to “Attention, Present Arms.” In civilian clothes, stand at “Attention” during “Retreat” and place the right hand over the heart (headgear place over the left shoulder if worn) on the first note of “To the Colors.”

(7) National Anthem. When outside, in IPFU or duty uniform and not in formation, face toward the Colors or music, assume the position of “Attention,” and render the hand salute on the first note of the music. (All veterans are now authorized to render hand salute when the National Anthem is being played). In civilian clothes, stand at “Attention” and place the right hand over the heart (or headgear over the left shoulder if worn) or render the hand salute on the first note.

b. Customs and Courtesy. AR 600-25

(1) The first person to sight an officer who is higher in rank than the officer present in the room should call “Attention.” When a senior noncommissioned officer enters a room/area, the first person to sight the senior NCO, should sound “At Ease”. Examples are unit headquarters, orderly rooms, supply rooms, dayrooms, squad rooms, and hallways. The senior Soldier present in the area should then report to the visitor (example: SGT Jones, NCOIC of the motor pool, reports). In smaller rooms, containing one or two Soldiers, the Soldier(s) should rise and stand at the position of attention when an officer enters the room or Parade Rest when an NCO enters.

(2) In work areas such as offices, shops, hangers, and medical treatment facilities, personnel can remain working but the senior Soldier will report to the visiting officer.

(3) Dining Facilities. The first person sighting an officer senior in rank to the unit commander or senior to those present in the dining facility should call “At ease” so that the officer’s presence is known and necessary action can be taken. The Soldiers should fall silent but continue to work or eat. The senior dining facility OIC or NCOIC should report to the officer.

(4) Tactical Operations Centers. The first person sighting an officer senior in rank to the unit commander or senior to those present in the dining facility should call “At ease” so that the officer’s presence is known and necessary action can be taken. The Soldiers should fall silent but continue to work.

(5) During Conversations. All Soldiers, officer or enlisted, come to the position of attention facing a senior officer when spoken to in an official capacity. Normally the senior officer will direct “At ease” or “Carry on” if the situation merits. At other times, such as during
the conduct of routine business or informal conversation, a junior officer or enlisted Soldier should face the superior officer and be at “Attention.” When an enlisted Soldier is speaking to a noncommissioned officer, the Soldier stands at “Parade Rest” unless otherwise directed by the NCO. A subordinate will stand when spoken to by someone senior in rank, unless the superior directs otherwise. When walking with a senior Soldier, the junior Soldier walks to the senior’s left side.

(6) When an officer approaches Soldiers in a formation, the person in charge calls, “Attention,” and renders a salute for the entire group. When an officer senior in rank approaches a group of individuals not in formation, the first person sighting the officer calls, “Attention,” and everyone in the group faces the officer and renders a salute with the appropriate greeting. Soldiers working as part of the detail or participating in some other group activity such as athletics do not salute. The person in charge, if not actively engaged, salutes for the entire detail or a group of Soldiers. While running in a PT formation the senior Soldier in charge of the running formation will sound off with “Tropic Lightning” Sir or Ma’am.

(7) Soldiers must be alert for vehicles identified with plates depicting general officer or other senior rank attached to the front of the vehicle. Proper military courtesy requires that Soldiers render a salute to these officers as they pass.

19. Single Soldier Barracks Policy

Commanders are responsible for good order and discipline, as well as the health and welfare of all their Soldiers. Platoon Sergeants or above will physically inspect activities at single Soldier barracks prior to and after 2400 daily and log their findings with the BN SDO/SDNCO.

a. Room Standards. Soldiers may arrange and decorate their rooms within the limits of good taste and IAW with Army Values. Rooms must comply with health and safety regulations. Soldiers may use civilian furniture. Soldiers may have and use microwave ovens, telephones, civilian blankets, and other comforts. Barracks residents are responsible for maintaining common-use areas. Remember the barracks will be inspected routinely by your leader.

b. Visitation. Soldiers living in the barracks may have visitors of either sex. Roommates must establish ground rules for visits and both agree to who may visit. Soldiers must escort their visitors at all times. Soldiers are responsible for the actions of their visitors, and unescorted visitors will be removed from the installation when appropriate. Visitation remains a privilege and may be discontinued for reasons of discipline or military necessity, e.g., deployment. No visitors are allowed in the barracks from 2230-0930 weekdays and 0030-0930 weekends and holidays.

c. Alcohol. Only Soldiers who are 21 years of age or older may possess or drink alcohol in the barracks. Possession and consumption of alcoholic beverages in single enlisted Soldier quarters is a privilege, not a right. Commanders may revoke this individual Soldier privilege if abused. Every Soldier who drinks alcohol is urged to do so responsibly. No more than six bottle/cans of beer or one bottle of wine per each Soldier assigned in each barracks room (no liquor is authorized in the barracks). IAW the 25th ID CG Standards and Conduct Policy letter.

d. New Soldiers. All new Soldiers (without dependents) will have a battle buddy; also a sponsor will see the SMs through the process for the next 120 days.

e. Leaders Presence. PSG or above will check Soldier status in the Barracks activities during Friday, Saturday and DONSAs night after 2300hrs.

f. Charge or Quarters (CQ) Responsibilities. CQs will focus on discipline, cleanliness, and protection of all Soldiers/NCOs, to include all visitors.
h. Pets. No pets, including caged animals, are allowed in the barracks. Reasons for this restriction include consideration for roommates, disposition and care upon deployment, and humane care for pets. Aquariums of reasonable size containing fish are allowed if roommates agree. Soldiers must have deployment disposition plans in place.

20. Assistance Organizations

If you have a problem, any problem you cannot resolve, do not keep it to yourself. There are many people who are interested in helping you and your Family. The first person you should contact is your immediate supervisor. He or she is very interested in helping you and is available 24 hours a day. Use your chain of command.

a. Army Community Services (ACS). ACS is ready to provide information, assistance, and guidance on such varied subjects as financial planning, food stamps/WIC eligibility, relocation, Exceptional Family Member Assistance/advocacy, domestic violence prevention, stress and anger management, parenting, speaking and writing English, and completing a high school education. 22. Sponsorship

All transitioning Soldier and Army civilian will be assigned a sponsor; junior level female Soldiers are a priority. This sponsor will be of the same rank or of one higher rank than the incoming Soldier. It is the sponsor’s responsibility to ensure a smooth transition into the unit, and to get the Soldier and Family integrated as soon as possible. The Sponsor will do the following:

a. Initiate contact with incoming personnel within 24 hours of receiving their information from the gains roster.

b. Send an Army Community Services (ACS) welcome packet for the community via email.

c. Ask the newcomer about specific needs and concerns. If they do no raise and, try to determine their needs and meet them.

d. Promptly provide any information requested. Ask for assistance if necessary. Do not ignore request.

e. Provide specific unit, mission, duties, and in-processing details.

f. Provide specific installation housing policies and cost of living information.

g. Sponsor the entire Family. Initiate contact between spouses and children, as appropriate.

h. Tell the newcomer where you will meet them upon day of arrival.

i. Inform the chain of command of any changes in the status of the incoming personnel.

j. Promptly follow-up with the newcomers on all correspondence.

Arrival and Post Arrival Duties (continuing 4 Weeks After)

k. Meet the newcomer at the arrival point as planned.

l. Insure the newcomer’s basic needs are met, including meals, pet arrangements, and Family and emergency contact numbers.

m. Assist with temporary transportation until other means are established.

n. Introduce the newcomer to the immediate chain of command, supervisors, and co-workers, and orient them to the unit and mission.
o. Provide a tour of essential post and community locations including the PX, Commissary, thrift shop, medical clinic, schools, clubs and dining facilities. Also familiarize the newcomer with the local area.

p. Introduce Family members to the Family Support Group. Unaccompanied personnel should be introduced to the Better Opportunities for Single Soldiers (BOSS) program.

q. Assist the newcomer in obtaining a driver’s license, and inspection and registration of POV, as necessary.

r. Take the newcomer to ACS for information on the Loan Closet and other available services.

s. Acquaint the newcomer with the local school system and child care facilities, as necessary.

A sponsor is responsible for the incoming Soldier. The sponsor must counsel the Soldier on the off-limit areas prior to their first weekend. The sponsor will at a minimum conduct a face to face check-in with the Soldier each day of the first weekend. The sponsor is encouraged to invite the incoming Soldier to accompany them for the weekend to make the incoming Soldier feel more welcome and become more familiar with Oahu. The incoming Soldier should not be left alone for their entire first weekend. This is the first impression that the Soldier will have of the unit. It is vital that we welcome all of our Soldiers with open arms.

23. Open Door Policy

Every commander from the Commanding General down to company/detachment commanders within the division has an open door policy. Commanders are available to their Soldiers at all times. If you have a problem your supervisor cannot solve, go see the next higher commander. All Soldiers are free to use open door policy at any level after first notifying their chain of command of their intent to seek open door policy. They do not have to state the reason for seeking to use the open door policy.

24. Relationships Between Soldiers of Different Rank
Recent Army-wide reports of misconduct indicate a trend of incidents in which leaders have been inappropriately involved with junior Soldiers. Examples of this inappropriate behavior include NCOs and junior Soldiers drinking together at local bars, or NCOs hosting parties for junior Soldiers where underage drinking is encouraged or condoned. The Army has a long-standing policy prohibiting these types of inappropriate relationships and other types of fraternization. AR 600-20, paragraphs 4-14, 4-15, and 4-16 outlines the Army policy in detail. Relationships between Soldiers of different rank are prohibited if they: compromise, or appear to compromise, the integrity of supervisory authority or the chain of command; cause actual or perceived partiality or unfairness; involve, or appear to involve, the use of rank or position for personal gain; are perceived to be, exploitative or coercive in nature or; create an actual or clearly predictable adverse impact on discipline, authority, morale, or the ability of the command to accomplish its mission. Dating, shared-living arrangements, and relationships sexual in nature are prohibited between officers and enlisted personnel. With some exceptions, ongoing business relationships are also prohibited between officers and enlisted. Fraternization rules apply to both same and opposite sex relationships, regardless of whether the Soldiers are in different chains of command. Commanders and NCO leaders should seek to prevent inappropriate or unprofessional relationships through proper training and leadership by example. When commanders become aware of fraternization, they must respond appropriately, after considering all of the facts and circumstances, and in consultation with their legal advisors.

25. Sexual Harassment/Assault Response & Prevention (SHARP) AR 600-20

Sexual harassment and sexual assault have no place in the Army. The policy of the Army is that both sexual assault and sexual harassment are unacceptable and will not be tolerated. Army leadership at all levels will be committed to creating and maintaining an environment conducive to maximum productivity and respect for human dignity. Sexual harassment and sexual assault destroy teamwork and negatively affect combat readiness. The Army bases its success on mission accomplishment. Successful mission accomplishment can be achieved only in an environment free of sexual harassment/sexual assault for all personnel. Leaders set the standard for Soldiers and DA civilians to follow. Personnel within U.S. Army Hawaii are charged with upholding the Army’s motto and campaign: Intervene, Act, and Motivate. There are no innocent bystanders. If you see something you know is wrong, act, don’t just pass it by. It takes all of us to change the culture and protect one another so we can eradicate sexual assault and sexual harassment from our Army.

a. Definitions.

(1) Sexual assault. Sexual assault is a crime defined as intentional sexual contact, characterized by use of force, physical threat or abuse of authority or when the victim does not or cannot consent. Sexual assault includes rape, nonconsensual sodomy (oral or anal sex), indecent assault (unwanted, inappropriate sexual contact or fondling), or attempts to commit these acts. Sexual assault can occur without regard to gender or spousal relationship or age of victim. “Consent” will not be deemed or construed to mean the failure by the victim to offer physical resistance. Consent is not given when a person uses force, threat of force, or coercion or when the victim is asleep, incapacitated, or unconscious.

(2) Consent. Consent is defined as words or overt acts indicating a freely given agreement to the sexual conduct at issue by a competent person. An expression of lack of
consent through words or conduct means there is no consent. Lack of verbal or physical resistance or submission resulting from the accused’s use of force, threat of force, or placing another person in fear does not constitute consent. A current or previous dating relationship or the manner of dress of the person involved with the accused in the sexual conduct at issue shall not constitute consent. There is no consent where the person is sleeping or incapacitated, such as due to age, alcohol or drugs, or mental incapacity.

b. Sexual Harassment. Sexual harassment is a form of gender discrimination that involves unwelcomed sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature between the same or opposite genders when—

- Submission to, or rejection of, such conduct is made either explicitly or implicitly a term or condition of a person’s job, pay, or career.
- Submission to, or rejection of, such conduct by a person is used as a basis for career or employment decisions affecting that person.
- Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or creates an intimidating, hostile, or offensive working environment.

(1) Any person in a supervisory or command position who uses or condones implicit or explicit sexual behavior to control, influence, or affect the career, pay, or job of a Soldier or civilian employee is engaging in sexual harassment. Similarly, any Soldier or civilian employee who makes deliberate or repeated unwelcome verbal comments, gestures, or physical contact of a sexual nature is engaging in sexual harassment.

(2) Categories of sexual harassment

(a) Verbal. Examples of verbal sexual harassment may include telling sexual jokes; using sexually explicit profanity, threats, sexually oriented cadences, or sexual comments; whistling in a sexually suggestive manner; and describing certain attributes of one’s physical appearance in a sexual manner. Verbal sexual harassment may also include using terms of endearment such as “honey”, “babe”, “sweetheart”, “dear”, “stud”, or “hunk” in referring to Soldiers, civilian co-workers, or Family members.

(b) Nonverbal. Examples of nonverbal sexual harassment may include staring at someone (that is, “undressing someone with one’s eyes”), blowing kisses, winking, or licking one’s lips in a suggestive manner. Nonverbal sexual harassment also includes printed material (for example, displaying sexually oriented pictures or cartoons); using sexually oriented screen savers on one’s computer; or sending sexually oriented notes, letters, faxes, or email.

(c) Physical contact. Examples of physical sexual harassment may include touching, patting, pinching, bumping, grabbing, cornering, or blocking a passageway; kissing; and providing unsolicited back or neck rubs. Sexual assault and rape are extreme forms of sexual harassment and serious criminal acts. When these acts occur, report them in accordance with the procedure outlined in chapter 8 and appendix H, of AR600-20.

(3) Types of sexual harassment
(a) **Quid pro quo.** “Quid pro quo” is a Latin term meaning “this for that.” This term refers to conditions placed on a person’s career or terms of employment in return for favors. It includes implicit or explicit threats of adverse action if the person does not submit to such conditions and promises of favorable actions if the person does submit to such conditions. Examples include demanding sexual favors in exchange for a promotion, award, or favorable assignment; disciplining or relieving a subordinate who refuses sexual advances; and threats of poor job evaluation for refusing sexual advances. Incidents of “quid pro quo” may also have a harassing effect on third persons. It may result in allegations of sexual favoritism or general discrimination when a person feels unfairly deprived of recognition, advancement, or career opportunities because of favoritism shown to another Soldier or civilian employee on the basis of a sexual relationship. An example would be a Soldier who is not recommended for promotion and who believes that his or her squad leader recommended another Soldier in his or her squad for promotion on the basis of provided or promised sexual favors, not upon merit or ability.

(b) **Hostile environment.** A hostile environment occurs when Soldiers or civilians are subjected to offensive, unwanted and unsolicited comments, or behaviors of a sexual nature. If these behaviors unreasonably interfere with their performance, regardless of whether the harasser and the victim are in the same workplace, then the environment is classified as hostile. A hostile environment brings the topic of sex or gender differences into the workplace in any one of a number of forms. It does not necessarily include the more blatant acts of “quid pro quo”; it normally includes nonviolent, gender-biased sexual behaviors (for example, the use of derogatory gender-biased terms, comments about body parts, suggestive pictures, explicit jokes, and unwanted touching).

**C. Reporting Procedures.**

1. **Actions of the Commander Upon Receipt of Sexual Assault Report.**

   a. Immediately upon receipt of an allegation of sexual assault involving Soldiers, DA Civilians or Family members, commanders will take steps to ensure the victim’s physical safety, emotional security, and medical treatment needs are met and that the SARC and appropriate law enforcement/criminal investigative services, to include CID, are notified.

   b. Commanders should also encourage the victim to get a medical examination no matter when the incident occurred. Commanders will ensure that victims of sexual assault receive sensitive care and support and are not re-victimized as a result of reporting the incident.

   c. Report all incidents of sexual assault to the office of the SJA within 24 hours.

   d. Ensure victims have been offered the services of the SJA’s Special Victim’s Counsel and/or victim witness liaison, advise victims of their rights in accordance with AR 27–10 and make them aware of and encourage them to exercise their options during each phase of the medical, investigative, and legal processes.

   e. Follow written procedures established by senior commanders for reporting sexual assault through the chain of command.

   f. Throughout the investigative process, the chain of command will ensure the victim is treated with dignity and respect and all information about the allegations giving rise to the investigation will be restricted to those who have a bona fide “need to know.”

   g. Commanders should focus on the offense, not the alleged offender or victim.

2. **Actions of the Commander Upon Receipt of Sexual Harassment Complaint.**
(a). Upon receipt of a sexual harassment complaint, the commander is required to identify and rectify sexual harassment elements giving rise to the allegations of sexual assault. All formal complaints will be reported within 3 calendar days to the first General Courts-Martial Convening Authority (GCMCA) in the chain of command. Additionally, the commander will provide a progress report to the GCMCA authority 21 days after the date on which the investigation commenced and 14 days thereafter until completion.

(b). The commander will either conduct an investigation personally or immediately appoint an investigating officer according to the provisions of AR 15–6. Depending on the magnitude of the complaint, the commander may deem it necessary to ask the next SC in the chain of command to appoint the investigating officer.

(c). The commander will establish and implement a plan to protect the complainant, any named witnesses, and the subject from acts of reprisal. The plan will include, as a minimum, specified meetings and discussions with the complainant, subject, named witnesses, and selected members of the chain of command and coworkers.

1) Content of the discussions with the above-named individuals will include the definition of reprisal with examples of such behavior; the Army’s policy prohibiting reprisal; the complainant’s rights and extent of whistleblower protection afforded complainants, witnesses, and the subject under DODD 7050.6; encouragement to all the aforementioned individuals to report incidents and/or threats of reprisal; the procedures to report acts and/or threats of reprisal; the consequences of reprisal; possible sanctions against violators; a reminder of the roles and responsibilities of the leadership in the prevention of reprisal and protection of all parties involved; the command’s support of a thorough, expeditious and unbiased investigation and good faith in attempting to resolve the complaint; and the need to treat all parties in a professional manner both during and following the conduct of the investigation.

D. Sexual Assault Reporting Options for Victims.

1) Restricted reporting. Restricted reporting allows a Soldier who is a sexual assault victim, on a confidential basis, to disclose the details of their assault to specifically identified individuals and receive medical treatment and counseling, without triggering the official investigative process. Soldiers who are sexually assaulted and desire restricted reporting under this policy should report the assault to the SARC, VA, chaplain, or a healthcare provider.

2) Unrestricted reporting. Unrestricted reporting allows a Soldier who is sexually assaulted and desires medical treatment, counseling, and an official investigation of his/her allegation to use current reporting channels (for example, the chain of command or law enforcement), or he/she may report the incident to the SARC or the on-call VA. Upon notification of a reported sexual assault, the SARC will immediately notify a VA. Additionally, with the victim’s consent, the healthcare provider will conduct a forensic examination, which may include the collection of evidence.

E. Some Points to Consider:

(a) Sexual harassment and sexual assault are both punishable under UCMJ.

(b) Anybody can be an offender; anybody can be a victim.

(c) It can happen anywhere, not just in the workplace.

(d) Obscene language, gestures, or cadence calls are unacceptable.

(e) Treat everyone you encounter with respect.

(f) Sexual contact with someone who is incapacitated is sexual assault.
To get information or clarification about whether you have experienced a sexual assault or sexual harassment, or to make a report, call or see your unit’s SHARP SARC or VA or call the USARHAW SHARP Hotline at 808-655-9474 or call the DoD Safe Help Line at 877-995-5247. You can also receive help by visiting the USARHAW SHARP office at Building 692, 3585 McCornack Road, Schofield Barracks, Hawaii.

26. Equal Opportunity (EO)  (AR 600-20)

All Soldiers, Family members, and DA Civilians have the right to be treated fairly without regard to their sex, race, color, gender, religion, or national origin. USARHAW leaders and personnel at all levels are committed to creating and maintaining an environment conducive to maximum productivity and respect for human dignity. The Equal Opportunity Program creates and sustains effective units by eliminating discriminatory behaviors or practices that undermine teamwork, mutual respect, loyalty, and shared sacrifice of men and women of America’s Army. Commanders at all levels are responsible for eliminating hazing and bullying behavior within their formations. Hazing and bullying have a negative impact on readiness. The physical or mental injury caused by hazing and bullying damages the medical readiness of the force. It further destroys trust and cohesion among Soldiers and erodes the foundation of the Army values and Warrior Ethos. Leaders set the standard for Soldiers and DA civilians to follow. Personnel within this command are charged with upholding the Army’s Policies and Regulatory guidelines if you see something, act, and do not just pass it by. It takes all of us to change the culture and protect one another. Equal Opportunity (EO) concerns can be address by visiting your unit level Equal Opportunity Advisor (EOA) or calling or visiting the Division EO office at 808-655-0386/0053 building 584 on Schofield Barracks (In the back of the Post Conference Room).

a. Some Points to Consider:

(1) All substantiated Equal Opportunity Complaint whether formal or informal will be annotated on the subject’s evaluation (NCOER/OER).

(2) Anybody can do an on the spot corrections.

(3) Treat people with dignity and respect 24/7.

b. Reporting & Documenting Incidents of Bullying and Hazing.

(1) Victims of bullying, hazing and maltreatment are encouraged to report incidents to their chain of command. The victim may also report incidents to the appropriate Inspector General’s office and these incidents may be investigated by that office or referred to the command for investigation.

(2) Commanders are responsible for coordinating with their unit EOA to ensure that all hazing or bullying allegations are recorded and tracked in the Equal Opportunity Reporting System (EORS). Although administrative investigations into hazing or bullying are not EO investigations, EOAs will ensure that these incidents are recorded in EORS for tracking purposes. If a Soldier possesses a security clearance, commanders will ensure the security manager records the derogatory information as an incident report in the JPAS (or subsequent system) in accordance with AR 380–67.

27. Hazing

The Army has been and continues to be a values-based organization where everyone is encouraged to do what is right by treating others as they should be treated—with dignity and respect. Hazing is fundamentally in opposition to our values and is prohibited.
a. Definition. IAW AR 600–20: Hazing is defined as any conduct whereby one military member or employee, regardless of Service or rank, unnecessarily causes another military member or employee, regardless of Service or rank, to suffer or be exposed to an activity that is cruel, abusive, oppressive, or harmful.

(1) Hazing includes, but is not limited, to any form of initiation "rite of passage" or congratulatory act that involves: physically striking another in order to inflict pain; piercing another’s skin in any manner; forcing or requiring the consumption of excessive amounts of food, alcohol, drugs, or other substances; or encouraging another to engage in illegal, harmful, demeaning or dangerous acts. Soliciting or coercing another to participate in any such activity is also considered hazing. Hazing need not involve physical contact among or between military members or employees; it can be verbal or psychological in nature.

(2) When authorized by the chain of command and not unnecessarily cruel, abusive, oppressive, or harmful, the following activities do not constitute hazing:
   (a) The physical and mental hardships associated with operations or operational training.
   (b) Administrative corrective measures, including verbal reprimands and a reasonable number of repetitions of authorized physical exercises.
   (c) Extra military instruction or training.
   (d) Physical training (PT) or remedial PT.
   (e) Other similar activities.

(3) Whether or not such actions constitute hazing, they may be inappropriate or violate relevant civilian personnel guidance, depending on the type of activities and the assigned duties of the employee involved.

b. Scope. Hazing is not limited to superior-subordinate relationships. It may occur between peers or even, under certain circumstances, may involve actions directed towards senior military personnel by those junior in rank or grade to them (for example, a training instructor hazing a student who is superior in rank). Hazing has at times occurred during graduation ceremonies or similar military "rites of passage." However, it may also happen in day-to-day military settings. It is prohibited in all cases, to include off-duty or "unofficial" celebrations or unit functions. Express or implied consent to hazing is not a defense.

c. Command Responsibilities. Enforcement of the Army hazing policy is a responsibility of commanders at all levels. Commanders will devote particular attention to graduation or advancement ceremonies as well as other occasions or settings that might put Soldiers at risk for voluntary or involuntary hazing. These situations will be supervised properly, respectful of all participants, perpetuate the best of the traditions that the Army embraces, and leave all participants and spectators feeling proud to be a member of or associated with the U.S. Army.

28. Safety

THREE TIERs TO SAFETY AND RISK MANAGEMENT:

   TIER #1. Individual Soldier. Each Soldier has the responsibility to prevent accidents and "stop" action until the safety problem is fixed.

   TIER #2. Buddy System. Assign every Soldier to a Lightning buddy who has the responsibility and authority to look out for his/her buddy.

   TIER #3. Leader. Leaders must be experts at risk assessment and management and take positive steps to mitigate risks and counsel subordinates on safety at least weekly.
**a. Composite Risk Management (CRM).** CRM is a decision making process used to mitigate risks associated with all hazards that have the potential to injure or kill personnel, damage or destroy equipment, or otherwise impact mission effectiveness.

CRM is a five-step process:
- Step 1 – Identify hazards.
- Step 2 – Assess hazards to determine risk.
- Step 3 – Develop controls and make risk decisions.
- Step 4 – Implement controls.
- Step 5 – Supervise and evaluate.

**NOTE:** Steps 1 and 2 are assessment steps, steps 3 through 5 are management steps.

**b. Travel Risk Planning System (TRiPS) Composite Risk Assessment Tool.** This tool is intended to be completed for all planned trips outside the immediate local area when you are going on leave, pass, or TDY. First Line Leaders (NCO) will ensure this is completed and Soldiers are briefed on safety. This tool can be found on the Combat Readiness Center web site at [https://crc.army.mil](https://crc.army.mil).

**29. Leader Book**

A leader book will be maintained and carried by all Leaders from the ranks of CPL through SFC. All Leaders will have their Leader’s book for quick reference information on their Soldiers and equipment. Leaders are responsible for providing training assessments to the chain of command on their Soldiers and Units. The leader book is a tool for the NCO to maintain up-to-date, easy-to-reference information on Soldiers, training status, maintenance status and equipment accountability. Commanders use these assessments to make training decisions.

The exact composition of a leader book varies depending on the mission and type of unit. There are many versions of the leader book both in official Army publications and on the commercial market. The leader book can be digital but must comply with proper PII storage to ensure Soldiers personal information is secure. The organization of the leader book is up to each individual leader. To be effective they will be well organized and “user friendly.” Only essential training information should be in the leader book. [FM 7-22.7, The Army Noncommissioned Officer Guide, appendix C](https://www.army.mil) has an example of pages for a leader book. Units may already have an example leader book for their Soldiers to carry.

**30. Environment**

Protecting our environment is everyone’s responsibility. Failure to do so can result in prosecution as a Federal offense. Fines can start at $10,000 per day, and prison sentences are possible. All Soldiers must know what they can and cannot do. Hazardous spills severely impact our environment. This includes battery acid, paints, thinners, solvents, pesticides, petroleum products, oils, and lubricants (POL). Do not change the oil in your POV or Army vehicle and let it soak into the ground. Be sure to report all spills of hazardous materials.

**31. Fundraising**

Although Soldiers may officially support and endorse the CFC and AER, contributions must be truly voluntary. The DoD Directive which authorizes this fundraising guarantees freedom of choice to give or not give, and guarantees confidentiality of the donation decision. There may be no undue pressure to donate. Additionally, official support does not include official solicitation from individuals or entities that are not federal employees.
Worthwhile fundraising organizations are abundant. However, the general rule is “no personal fundraising” because it disrupts the workplace, competes with CFC for donations, invites an abuse of power by superiors, and places subordinates in potentially unethical positions. Soldiers may not fundraise in uniform for private organizations (POs) other than the CFC and AER. Soldiers are also prohibited from using government resources such as e-mail to advertise an event on behalf of a PO.

31. Courtesy Patrol

The 25th Infantry Division Courtesy Patrol is a program nested within Lightning Strong. Leaders will patrol facilities, family housing areas and common areas to assist Soldiers and Families. Its mission threw education and on the spot corrections is to enforce regulations and policies outlined in Army regulations, the Lightning Strong Policy Letter, Garrison Policy Letter 31 and the 25th Infantry Division Blue Book.

32. Closing

We are honored to have you in the 25th Infantry Division. Serve the nation proudly and honorably. Conscientiously apply yourself to your mission, follow these standards, live the Army Values and Soldiers’ Creed and you will find the 25th Infantry Division and Hawaii a great place for Soldiers and Families to enjoy themselves. Tropic Lightning!

ARMY History

ARMY HISTORY

The United States Army was established by the second Continental Congress on June 14, 1775, and was led by General George Washington as the first Commander in Chief of the Continental Army. During the winter of 1778 at Valley Forge, the Army had its first real training under the former Prussian officer Baron Friedrich von Steuben, who drilled Soldiers in the manual of arms and infantry tactics combining the art of Command and the science of Control and with time, the Army became a disciplined, as well as a determined force against its enemies. With its victories over the British, the Army played a major role in creating the United States as a country. After the War, the Army helped extend the nation's territory by policing and governing vast areas of the West. The primary mission of the Army - to support and defend the ideals of the Constitution - has grown with the nation to be recognized as our nations Warrior Class. In 1898, in the Spanish American War, the United States emerged as a world power. As the role of our country changed, the role of the Army changed as well. As part of or nations Profession of Arms the Army became a tool for promoting American interests overseas, as well as for protecting the nation from foreign and domestic enemies. America's Army is now expected to defend not only our own national security, but also that of our allies, with the ability to learn and adapt using the current and future complex technologies and weapons capable of altering civilization as it is seen today.

THE ARMY SONG

The Army Goes Rolling Along” is the official song of the U.S. Army. The Army song concludes reviews, parades and honor guard ceremonies. Individuals will stand at attention and sing the lyrics of the Army song when the Army song is played. Individuals will stand at attention during the playing of official songs of other Services.

March along, sing our song, with the Army of the free.
Count the brave, count the true, who have fought to victory.
We're the Army and proud of our name!
We're the Army and proudly proclaim:
First to fight for the right,
And to build the Nation’s might
And The Army Goes Rolling Along
Proud of all we have done
Fighting till the battle’s won
And the Army Goes Rolling Along
Then it’s hi! hi! hey!
The Army’s on its way

DIVISION HERITAGE IN HAWAII

The 25th Infantry Division has a connection to Hawaii spanning over seventy years. The division was formed at Schofield Barracks in October 1941 from the old Hawaiian Division, which was inactivated after defending the islands since 1921. Hawaii has always been the home of the 25th Infantry Division; after every deployment since the Korean War, Tropic Lightning returned to its post on the Leilehua Plain. Over the years, the division used the courage and professionalism of the Hawaiian Warriors of old as an example and inspiration, exemplified by the red and yellow Taro leaf of our patch.

THE DIVISION MOTTO

The 25th Division had used "Lightning" as the call-sign for Division Headquarters' in Guadalcanal in 1942. Lightning was subsequently changed to “Tropic Lightning” because the Division had spent the year at war in the tropics. In a break from tradition, the Department of the Army officially approved the use of the nickname “Tropic Lightning” on August 03 1953 authorizing the Division to use the nickname, in addition to its regular numerical designation, marked the first time that a divisional unit had been given this kind of permission by the Army. “Ready to Strike, Anytime, ... Anywhere!” “Tropic Lightning!”

DIVISION PATCH
The 25th Infantry Division shoulder patch was approved after the Division’s activation in 1941. It has a gold lightning bolt superimposed on a taro leaf. The Bolt of Lightning symbolizes speed and aggressive spirit — a trait the Division proved in its battles for the Pacific and continued in Korea, Vietnam, Haiti, Bosnia, Iraq, and Afghanistan. The Taro leaf shape of the shoulder patch reflects the birth of the 25th from elements of the famous Hawaiian Division and is representative of the Pacific region where the Division was established, and where it first fought. The red and gold colors of the patch were used by the late Hawaiian monarchy to indicate royalty.

Distinctive Unit Insignia. Description: Centered on a black volcano emitting a gold cloud a vertical lightning flash divided red above and gold below all enclosed by a pair of green palm branches with stems crossed in base and leaves terminating at either side of the cloud above.

Symbolism: The lightning flash, adopted from the shoulder sleeve insignia of the 25th Infantry Division and the enclosing palm branches allude to the Division nickname “Tropic Lightning”. The erupting volcano is an allusion to the State of Hawaii.

Background: The distinctive insignia was authorized on 21 Apr 1965. It was amended on 18 May 1972 to correct the nickname of the 25th Infantry Division in the symbolism.

General Orders
1. I will guard everything within the limits of my post and quit my post only when properly relieved.
2. I will obey my special orders and perform all my duties in a military manner.
3. I will report violations of my special orders, emergencies, and anything not covered in my instruction to the commander of the relief.
The Army has only one chain of command. Through this chain of command, the Commanding Officer issue orders and instructions and convey policies while consulting their Command Sergeant Major, First Sergeant, or NCOIC, before implementing policy. The Officer and NCO Command team (From Platoon to Major Command level) must continually communicate to avoid duplicating instructions or issuing conflicting orders. Continuous and open lines of communication enable both leaders to freely plan, make decisions, and program future training and operations.

NCO Support Channel  AR 7-21.13

The NCO support channel parallels and reinforces the chain of command. NCOs train soldiers and advice commanders on individual soldier readiness and the training needed to ensure units are ready for combat operations. The NCO support channel begins with the Command Sergeant Major, extends through First Sergeants, Platoon Sergeants and ends with Squad leaders, Section chiefs, or Team leaders to accomplish instructions and policies given by the senior Officer in the Chain of Command.

**Bottom line - when the senior Officer in the Chain of Command makes the final decision, Subordinate Officers, NCOs and Soldiers execute**

1. Managing off-duty risk is critical to meeting our goal of zero arrests and loss of Life.

2. Leaders will be decisively engaged and involved in every aspect of their Soldiers lives from relationships, and finances, to everyday off duty activities.

3. As a minimum, before weekends and holidays, and before Soldiers go on pass or leave, first-line Officers and Noncommissioned Officers (NCOs) will give a composite risk briefing, and first-line NCOs or supervisors will meet with each Soldier to discuss the Soldier’s off-duty plans. This process ensures that leaders are aware of their Soldiers’ plans and MUST RESULT in a mutual, verbal contract with them, on the steps to be taken to manage identified risks. Simply put, first-line supervisors must be fully accountable for their Soldiers’ conduct on and off duty, 24 hours a day.

“Tropic Lightning Counseling”

1. TROPIC LIGHTNING Counseling is a back-to-basics initiative that shows our commitment as leaders and is truly “taking care of Soldiers”. This requirement complements and must be used with individual risk assessments. This is not intended to be a paperwork meeting and written records of the meeting are not necessary or desired.

2. The meeting is intended to be a leader-to-led meeting with face-to-face guidance given and a verbal “safe behavior” contract agreed to. This verbal contract is the Soldier agreeing to take steps to mitigate risks identified in the meeting.

3. Soldiers and their leader will discuss in detail their plans for the off duty period, identify possible risks and “what-if” scenarios. They will agree on specific and individual control measures to mitigate the identified risks and agree on a verbal contract to follow the control measures.
Basic Responsibilities:

First-line Officers and senior NCOs are:

1. Responsible for conducting unit composite risk-management briefings.

First-line NCOs are responsible for:

1. Knowing the Soldier, and all aspects of his personal and professional life.

2. Reviewing Soldier past work and off duty performance.

3. Reviewing risks associated with their Soldier’s activities.

4. Reviewing the range of composite risk management factors and asking pointed questions to determine risks.

5. Reviewing and applying the unit risk-reduction profile.

6. Providing advice and counsel on risk mitigation.

7. Making a “Go” or “No Go” decision on the plan. NCOs will not allow Soldiers to go on pass or leave until they are satisfied that the risks have been identified and sufficiently mitigated, and the Soldier and NCO have made a verbal contract as to how to mitigate the risks.

8. Holding the Soldier appropriately accountable for his or her actions.

Note: If you plan getting drunk and calling your unit to pick you up. This is NOT an acceptable plan. Soldiers watch out for Soldiers- and Soldiers get each other home safely because they made a good plan to do so!
The Soldier is responsible for:

1. Making required assessments before the meeting.
2. Openly discussing plans and associated risks for the period under review.
3. Abiding by the verbal contract and following the risk-assessment and risk-management process as conditions affect the contract.

The Soldier and the NCO are jointly responsible for:

1. Making a mutual agreement and executing a verbal “safe behavior” contract covering courses of action for the period under review, and any contingency plans. This is a verbal contract.

Battalion leaders are responsible for:

1. Verifying the integrity of this process and ensuring that subordinate leaders and Soldiers adhere to safety standards.
